**PROFESSIONAL LIABILITY / ERRORS & OMISSIONS
COMMERCIAL GENERAL LIABILITY**

The BC Art Therapy Association continues to offer a master Professional Liability Insurance Program for all members. The policy protects members from lawsuits for damages claimed by a third party, resulting from a professional error or omission or negligent act, committed during the course of their activities as an “art therapist” or “psychotherapist”, usual & customary to the practice and for which they are trained & qualified.

As an option, Commercial General Liability is also available. This coverage protects the **member against those sums that they become legally obligated to pay as compensatory damages because of bodily injury (for example “Slip & Fall”) or property damage. Commercial General Liability does NOT include Professional Liability.**

The policy also protects the BC Art Therapy Association “vicariously” for claims resulting from professional services rendered by a member insured under the program.
